

## NEW LOCATION

As of February 2017, Psychiatric Emergency Screening Services - **PESS** - has been provided by Bridgeway in Somerset County. We look forward to setting a new standard for delivering services to people of all ages who are experiencing a mental health crisis.

## ABOUT BRIDGEWAY

Bridgeway was the first mental health organization in central and northern New Jersey to implement the Living Room model for providing people in crisis a safe, comfortable place to go where their symptoms and behavior can be assessed by mental health professionals.

**WILL PROVIDE:**

- rapid mobile outreach focused on early intervention, least restrictive crisis intervention and hospital diversion
- a community based psychiatric emergency screening service center that will include a *Youth Living Room* model of care for delivery of crisis intervention services, planning, and follow-up appointments
- use of flexible follow-up screening services, on-site and in-vivo, to ensure that individuals receive crisis intervention services while they are awaiting appointments with community providers, or if they fail to keep the appointment and need an additional referral option
