Phone: (833) 226-7385
Areas Served: Nationwide

Experience Camps are free one-week camps for boys and girls who have experienced the death of a parent, sibling or primary caregiver. Boys' and Girls' activities are separate. They only share buses and meals together.

Applications accepted for boys entering grades 4-11 and girls entering grades 4-10 in the 2019-2020 school year.

It's a place where kids can laugh, cry, play, create, remember the person who died, or forget the grief that weighs them down. It's a place where they can feel "normal", because everyone there has been through something similar and understands what it's like to lose someone important to them.

An inclusive summer day camp for children with special needs, their siblings, and their typically developing peers where activities are tailored to each camper's individual needs while an excellent introduction to horses and riding in a safe and secure environment.

*Summer camp this year and started our registration on February 1. Camp this year is Monday-Friday, 8:30-12:30 unless it is the weeks of 7/6 and 8/30 which are only 4 days.

Due to the COVID protocols we are only allowing 6 campers per week. We are also not able to accommodate campers who need aides. All campers must be able to take care of themselves, must be able to bathroom independently, follow directions and feed themselves.

We have had an overwhelming response and our website is up to date. At this time, there are only the 2 weeks available, 7/6-7/9 and 8/30-9/2.

Since 2004, NJCTS has welcomed families to enjoy some time away from it all at the NJCTS Family Retreat Weekend at YMCA Camp Bernie in beautiful Hunterdon County. The weekend allows children and their families to meet others with Tourette Syndrome (TS), learn more about their diagnosis, and engage with peer mentors in a fun, safe environment. Kids enjoy canoeing, swimming, wall climbing, arts & crafts, participating in a talent show, rekindling old friendships, and cultivating new ones. Parents join in many activities with their children but also connect with other parents and share their stories. Powerful workshops provide a safe place for both youth and parents to ask questions about TS and learn from peer mentors.

Bounce Out the Stigma
Address: Varies by camp/program
Allendale, NJ 07401
Phone: (855) 997-3900
Areas Served: Statewide

“No Kidding They Told Me That Too!” is something we hear kids telling one another at every Bounce Out the Stigma event. Kids are given limitations based on what others believe they should be able to do, and many times these kids are never asked to try harder or do more. Too often, they receive “the label”- autistic, attention deficit, epileptic, hyperactive, slow and even disabled. Too often, it is that “label” that creates a deep emotional scar and a childhood of “sitting on the sidelines” watching others have fun. It may be called stigma, we call it unfair and seriously wrong. The Bounce Out the Stigma Program asks why, we create the “No Kidding I CAN TOO” attitude with kids. When met with challenge, peer support and nurturing adults, kids achieve more, empower themselves, and discover. . . “my will can define my limits”.

Camp will open with a kick-off style event that families may attend where campers will receive a backpack filled with daily activities and supplies that follow the Thrive theme. There will be an activity cards for each day of camp with art, nature, and self-reflection activities. The supplies campers need to complete each activity will be included in the backpack. Additionally, campers will receive a camp t-shirt and fun items that reflect camp traditions.

During the week of camp, we will provide interactive virtual camp sessions with live streams via Zoom and videos via Flipgrid. The virtual camp schedule of activities will be provided in the backpack along with access instructions. The schedule will also be posted on the camp’s webpage closer to camp.

Volunteering is fun. Big time. Being a Big Brother or Big Sister is one of the most enjoyable things you’ll ever do. Not to mention, one of the most fulfilling. You have the opportunity to help shape a child’s future for the better by empowering them to achieve. And the best part is, it’s actually a lot of fun. You and your Little can share the kinds of activities you already like to do. Play sports together. Go on a hike. Read books. Eat a pizza with extra anchovies. Or just give some advice and inspiration. Whatever it is you enjoy, odds are you’ll enjoy them even more with your Little—and you’ll be making a life-changing impact. Volunteers must meet the following criteria to be matched with a child in our Community-Based Mentoring program:

- Be at least 18 years old, High School students cannot serve as community-based mentors.

*We have lots of opportunity to volunteer to help prevent homelessness and lend a hand to our neighbors who are without housing. Our absolute number one need with really no close second, is to help fill volunteer shifts at the overnight host sites throughout the county. This is a wonderful opportunity to connect with our families and a great way for families in the community to give back together. As long as there is one volunteer who is over 21 years old on each shift, we welcome volunteers of all ages.*

During afterschool hours, Middle Earth offers teens constructive activities to occupy their free time, teaches life skills, and offers guidance, becoming a support system for youth who would otherwise not have one, in the hopes of intervening prior to troubled behavior and teaching them the skills needed to become responsible adults. Middle Earth becomes a "home away from home" for many kids, a place to go instead of "hanging out" on the street. Teens who are unsupervised during afterschool hours are 37% more likely to become teen parents and 49% more likely to use drugs. In addition, juvenile crime triples during afterschool hours. By engaging youth in fun activities during these times, we help them avoid these risky behaviors.

They were interested in a recreational program just for girls. The basic tenets and rules created by them have withstood the challenges of time with little change. We have sixteen towns participating: Allamuchy, Belvidere, Blairstown, Franklin, Frelinghuysen, Hackettstown, Harmony, Hope, Independence, Knowlton, Liberty, Mansfield, Oxford, Washington Township, Washington Borough, and White. The players range in age from Kindergarten to 9th grade. There are no tryouts. Everyone who signs up will play. Even if a town hasn’t signed up enough girls to make a team, the girls who have signed up will have the opportunity to play for a nearby town.

The original canal was 90 miles in length, stretching from Newark to Phillipsburg, and was used to ship coal and iron across the state. However, the canal could not compete with the development of the Morris and Essex Railroad in the late 1800s, and the canal was eventually abandoned.

Volunteering is fun. Being a Big Brother or Big Sister is one of the most enjoyable things you’ll ever do. Not to mention, one of the most fulfilling. You have the opportunity to help shape a child’s future for the better by empowering them to achieve. And the best part is, it’s actually a lot of fun. You and your Little can share the kinds of activities you already like to do. Play sports together. Go on a hike. Read books. Eat a pizza with extra anchovies. Or just give some advice and inspiration. Whatever it is you enjoy, odds are you’ll enjoy them even more with your Little—and you’ll be making a life-changing impact. Volunteers must meet the following criteria to be matched with a child in our Community-Based Mentoring program:

- Be at least 18 years old, High School students cannot serve as community-based mentors.
- Pay a one-time application fee of $20.

Volunteers are always needed in several areas of the operation, but one of the most critical requirements is commitment! If you want to help the horses, we need a commitment to a regular schedule, even if that's only once a week - you ARE important and we really do count on you, especially in day to day care of the horses. If you can assist in the following ways, please let us know! Opportunities: mucking stalls and picking fields (not glamorous, but necessary), feeding at the different meals throughout the day, fundraising for donations and sponsors, helping get our newsletter mailings out on a quarterly basis, organizing, supervising and baking for bake sales, volunteering to solicit donations for upcoming silent auctions and for sales on Ebay, and volunteering at different events off the farm for fundraising.

NAMI New Jersey welcomes volunteers! Over the years, we have benefited from the skills and talents of volunteers who have helped with program design, outreach, publications, website design, administrative work and a host of other tasks. Volunteers also leave with a new-found appreciation of NAMI NJ programs of support, education and advocacy. College students and recent graduates have served as interns, working with our major programs such as NAMIWalks. High school students have helped with administrative tasks, outreach and special events, and have received community service hours for their contributions. Those who would like to volunteer are invited to submit an email with resume. The email should identify their interest in volunteering with NAMI NJ.

Come help us make Camp Mason look its’ best for the thousands who visit us each and every year! These weekend events are free of charge... all we ask in exchange for rustic cabin accommodations, delicious camp meals, and the beauty of fall and spring in the Delaware Water Gap is a few hours of labor to keep the camp looking good. Why not lend a hand? Work projects are available for all skill levels; project times are Saturday morning, Saturday afternoon, and Sunday morning. In-between there will be camp fires, food, and fellowship – and activities, too, like the climbing wall, boating, and canoeing. Childcare is available during work project times, so bring the whole tribe! Service projects are available to groups who book a conference or retreat at our camp. Generally, we ask that the kids in the group be in 5th grade and above. If you would like to book a group of people to come and participate in a service project, please contact Sally.
