Central Intake

A program offered by

Project Self-Sufficiency

1-844-807-3500

*Serving
women, men, children & families
in Sussex & Warren Counties*

Sussex-Warren

This program is funded by a grant from the
New Jersey Department of Health.

What is Central Intake?

Central Intake connects women, men, children and families with resources and services that exist to offer help in their local community.

What types of information and resources can Central Intake offer?

Central Intake can help you find resources for your diverse needs, such as housing, health insurance, home visitation, affordable child care, transportation, services for seniors and veterans, and more. We can also connect you with social services, WIC and other programs in your area.
